Welcome!

We have been serving delicious food & drinks since 2010.

***Our food is made fresh and from scratch
using quality ingredients.***

***We bake our breads fresh every morning using our own natural yeast.
We make our own pasta, stocks for sauces, blend of spices for our curry, ice creams etc.
There is passion for quality in our cooking and we hope you can taste that in our food.***

***The wines we serve are organic and sourced from passionate and dedicated
winemakers. We also offer some lovely craft beers, ciders and home-made cordials.***

***We have Gluten Free and Vegetarian options and
we are here to help with any dietary needs you may have. Please communicate your
dietary requirements or allergies to staff whilst placing your order.***

Thank you for coming and enjoy!
